

Manufacturer of Ultrasonic Cylinder Test Equipment and Modal Acoustic Emission Service Provider

FOR IMMEDIATE RELEASE

(Centennial, CO, USA. April 6, 2008) - DIGITAL WAVE CORPORATION ANNOUNCES 1 YEAR OF UE1™ ULTRASONIC CYLINDER INSPECTION OPERATION AT CYL-TEC, INC., AURORA, IL.

Digital Wave Corporation (www.digitalwavecorp.com) announced today that their UE1™ machine has surpassed 1 year of system service at the Cyl-Tec facility. This UE1™ machine has inspected over 36,000 gas cylinders in its first year at the site. Throughput volume, with low operational costs, provides for per cylinder inspection prices that beat most competitors.

Tom Bennett, Vice President/GM of Cyl-Tec, Inc., is quoted as saying: "The Digital Wave Corporation's UE1™ device has definitely met our expectations. Based on the machine performance and high level of customer service, we have been very satisfied with our purchase."

Digital Wave Corporation is a privately held manufacturer of ultrasonic examination (UE) cylinder testing equipment, modal acoustic emission (AE) testing equipment and a provider of associated inspection services. With applications worldwide, Digital Wave and its partners serve private and governmental clients in the compressed gas, pressure vessel and cylinder industries. The firm's PhD's, engineers, software programmers, field techs and manufacturing staff are ranked with the best in the industry. For more information on our cutting edge technologies, please feel free to contact us at any time.
